## “BLACK RHINO/PARAMOUNT MOTORSPORTS’ DRIVERS NOT GIVING UP WITHOUT A FIGHT IN LOORRS ROUNDS 13 & 14 AT LAS VEGAS MOTOR SPEEDWAY”

In combination with the heavy rain and the power of our drivers this was nothing less than an exciting race, definitely was no walk in the park. All of the Black Rhino sponsored drivers were in the SR1 UTV class.

**11/12/11 El Cajon, CA** – Kyle LeDuc in the Black Rhino #899 was driving his tribute wrap this last weekend in honor of Rick and Jeff Huseman, compliments of CPR Wraps and Black Rhino. During qualifying Friday LeDuc snapped the rear drive flange bolt setting him in last for Saturday’s main. That didn’t stop him, what an extraordinary 3<sup>rd</sup> place for LeDuc in the main event on Saturday. Unfortunately on Sunday during practice the motor blew in the #899. With best intentions for the Black Rhino/Paramount Motorsports team Bryan Osborn offered the driver’s seat of the Black Rhino/Paramount Motorsports #854 to LeDuc for the UTV Main. In the Main on Sunday driving the #854 LeDuc started in last and made it to 4<sup>th</sup> by turn four. As LeDuc was coming out of turn five clearing the table top, the SR1 landed hard breaking both rear uprights sending him straight into the wall.

Stepping it up this weekend, Bryan Osborn in the Black Rhino #854 was showing us what being a part of a team is all about. He was doing a great job in the SR1 pushing his limits qualifying 6<sup>th</sup> on Friday. Showing improvement and dedication in Saturday’s main event Osborn lost a left rear Shock forcing a 5<sup>th</sup> place finish. Thanks again to Osborn for a great display of sportsmanship.

-more-

What a phenomenal job by Ryan Beat in the Hart&Huntington/Black Rhino # 851 qualifying 1<sup>st</sup> place and fast lap on Friday. He was driving favorably on the track leading in the main on Saturday when he had a throttle cable break taking him to a 7<sup>th</sup> place finish. Unwilling to surrender and driving solid again on Sunday, Beat landed a 3<sup>rd</sup> in qualifying. Getting tangled up with another vehicle and breaking a front spindle ended the main for him on Sunday.

Awesome weekend for Cody Rahders in the Superchips #816 SR1 UTV! Rahders took 3<sup>rd</sup> place in qualifying on Friday. In Saturday's Main after restart Rahders had contact with another driver and ended up on his side. After getting set back on the track the #816 was able to finish 6th. Not letting that faze him driving strong in Sunday's qualifying he placed 2<sup>nd</sup>. Rahders had a great finish for the team in Sunday's Main taking home 3<sup>rd</sup> and finding his place on the podium.
