### **OSBORN RACING HEADS TO THE ARIZONA DESERT**

Osborn Racing making their debut at Firebird International Raceway's newly renovated off-road track for the Lucas Oil Off Road Racing Series this weekend.

**12/07/10 Alpine, CA-** The Lucas Oil Off Road Racing Series makes its debut at Firebird International Raceway and Osborn Racing will be there! On Thursday the team will leave the tranquil rolling hills of Alpine and head to the Arizona desert for more exciting side by side, in your face, short course racing action. The December 10-12 race will close out the 2010 season and Osborn Racing expects to finish on top...of the podium that is!

It has been almost a month since their success at Glen Helen Raceway and the team is excited to get back out on the track. Racing this weekend will be the driver of the #588 Modified 450 Kart, Bryan Osborn. Cameron Anderson of Full Tilt Trophy Karts has the #588 prepped and ready to race. Also racing this weekend is Ryan Beat, driver of the #851 SR1 Rhino. HRT Motorsports has been working on the #851 and has it dialed in for the weekend. Both drivers are excited about their Firebird International Raceway debuts.

Last month in Las Vegas, Beat finished 2nd in his first major Lucas Oil Off Road race. He followed that up with a 1<sup>st</sup> place finish at Glen Helen along with Osborn pulling off a 2<sup>nd</sup> place finish. Team Owner Kenny Osborn is looking forward to the team's continued success this weekend at Firebird.
